

Turning in the Assignment

1. Export your diagram from ERD Plus by selecting “*Export Image*” (**do not** select “*Export Diagram File*”):

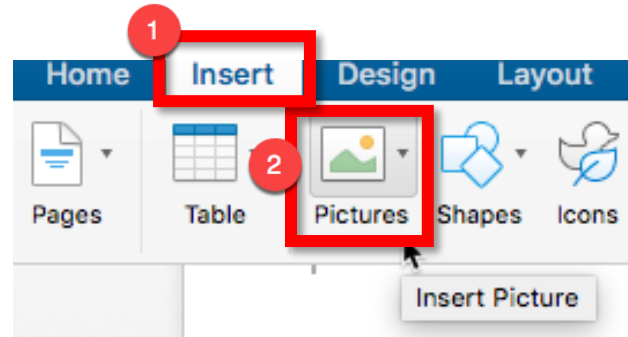

2. Click “Save Image...” and place the file somewhere on your computer where you can easily find it.

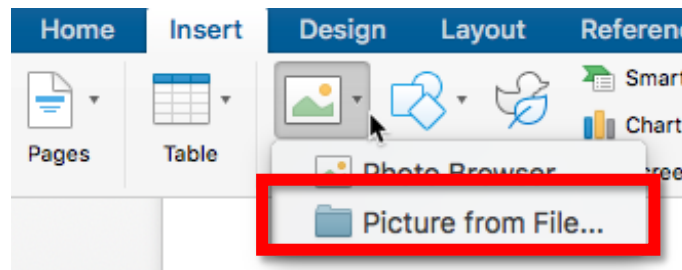

3. Open Microsoft Word and add the diagram into the document by clicking “Insert” and “Pictures.”

4. From the drop-down arrow menu, click “Picture from File.”

5. Locate the diagram file and add it to the document.
6. Save the word document as a .pdf.
7. The extension should now be a .pdf.
8. Upload your assignment to the course.
