Here's how to start solving the impossible now, with Alteryx:

- Access licensed software & data product(s) by visiting our [Alteryx Downloads and Licensing Portal](#). From [the Portal](#), enter assigned License Key & email address to begin the download (you will need to create an account, make sure you remember this ID and password).
- Get up and running quick - take 4 minutes to watch our [Introduction to Alteryx Designer](#) training module.
- Visit [Alteryx Academy](#) for interactive lessons, live training options, and so much more.

To learn more about managing your license from the [Alteryx Downloads and Licensing Portal](#) by checking out the Licensing Help.

For our class you will only need to install the Alteryx Designer/Admin Installer -. When you start it the first time you will need to enter your email and license number provided above.

Feel free to install ML tools if you like, you will be learning about these algorithms in your other classes (though not by using Alteryx).
